

# MUHAMMAD AJMAL

## Backend Developer

+91 7300822898 @ muhammad.ajmal2k2@gmail.com

## SUMMARY

I am a motivated and detail-oriented Backend Developer with 2 years of experience specializing in PHP, MySQL, jQuery, AJAX, and JavaScript. I am passionate about building and maintaining robust back-end systems, delivering high-quality web applications, and ensuring performance optimization. I adeptly collaborate with cross-functional teams to achieve successful project outcomes

## EXPERIENCE

### Backend Developer

#### A J INFOTEK

06/2023 - Present

A J INFOTEK is a technology company focused on providing software solutions

- Developing and maintaining back-end functionality for various web applications
- Implementing robust server-side logic using PHP and MySQL for database interactions
- Working with the front-end team to integrate back-end services with user-facing elements
- Collaborating with team members to enhance site performance, scalability, and security
- Troubleshooting, debugging, and optimizing code to improve website speed and reliability

## EDUCATION

### B.Tech in Computer Science

#### IIMT University

08/2019 - 05/2023
